

Redefining rowing. TRUE's Rō merges sleek design with advanced functionality, offering dual resistance through fan and magnetic brakes for a challenging workout. Its self-powered console provides real-time metrics, while the MultiGrip handlebar ensures comfort and varied motion, transforming indoor rowing into an invigorating experience.

FEATURES

- Quick-release foot strap
- Dual resistance – fan and magnetic brake
- MultiGrip handlebar
- Enhanced console featuring a calorie meter
- Comfort seat
- Oversized handlebar catch
- Small footprint

SPECIFICATIONS

DIMENSIONS (L x W x H)
94" x 24" x 47" / 239 cm x 61 cm x 119 cm

PRODUCT WEIGHT
129 lbs / 58 kg

COLOR
Matte Black

CONSOLE

The oversized 7-inch backlit LCD console makes performance tracking effortless with clear, real-time metrics like strokes per minute, watts, distance, time, calories, and heart rate. A dynamic calorie meter displays both current and peak efforts side by side—encouraging users to push further with every stroke.

This 7" backlit LCD monitor features a dynamic calorie meter, plus real-time performance metrics, to motivate exercisers to work hard.

Combined fan and magnetic brake resistance provides a broader range of intensity levels to accommodate everything from easy rows to grueling HIIT sessions.

Multiple hand positions facilitate greater comfort, variety and more activation of chest, back and arm muscles.

This patented design enables exercisers to quickly insert their feet and pull up on the handle for a secure fit. A simple push of a button releases the strap for an easy exit.
